

PES action week: PES Childcare campaign in Miskolc 1st May 2007

More than 20 thousand people visited the peaceful Csanyik Valley Picnic Centre in Miskolc where parties and other organisations celebrated the 1st May, International Workers' Day. The Miskolc citizens began gathering at 10 a. m. and were walking continuously till 3 p.m. so we left the Csanyik Valley only at 4 a.m. when the number of people reduced to a few dozens who stayed just to wait the end of the day.

PES Activists made a persistent intensive dialogue with the visitors who saw the new PES logo first time in Miskolc and people had got acquainted with the Party Of European Socialists. The activists explained our aims and smiled from their really heart all day. They enjoyed the PES Campaign and did their work without complaining. People made a sympathetic attitude to PES agreeing with PES Childcare Campaign. Activists talked to at least 2 thousand people getting hundreds of signatures in PES Childcare Book of Miskolc city.

MSZP (Magyar Szocialista Párt – Hungarian Socialist Party), FIB (Fiatal Baloldal – Young Leftists' [Association]) and PES made a perfect cooperation in work and this campaign was a great success: People met PES maybe first time in all Hungary but surely in Hungary's third biggest city.
